

Physics World at a 35% discount

Physics World will be available to your members normally resident in Norway, at the companion society rate of 35% discount on an annual individual subscription. Charge per annum is 45 euros (rate card is 70 euros) for 12 issues.

How it will work

1) We would like you to advertise this new membership benefit to your members. We are happy to help by providing marketing copy and online or offline sales material that you can use on your website, in member newsletters or other member correspondence to raise awareness for the offer. Please contact Jenny Brown (jenny.brown@iop.org or tel: +44 117 930 1034) to discuss any marketing requirements.

2) Members who want to take up the offer will send their subscription order to IOP Publishing direct. All marketing material will have our contact details on and there will be a special page on our website (to be advised) that you can direct them to for more information or to subscribe.

Our contact details for Physics World:

Jenny Brown
Physics World
IOP Publishing Ltd
Dirac House
Temple Back
Bristol UK
BS1 6BE
Tel: +44 117 930 1034
Fax: +44 117 930 1178
E-mail: jenny.brown@iop.org

3) We will collect all the orders and payments for the subscriptions. Your members will then start to receive the magazine.
